

Golden Suisse®

Zürich, 20th of September 2019

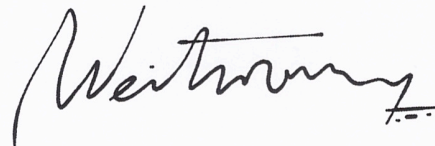

**To whom
it may concern.**

I have been cooperating with Alexander and Ekaterina Laguta for more than a year. During this time, a lot of work was done on the product design, which included the work from creating a complete corporate identity of the product, the interface for the web, the redesign of the application and animations.

The result of the work has always exceeded my wildest expectations. Full immersion in the project and its tasks, high quality of study, small details, compliance with deadlines and clear work within the technical specifications are synonyms of our cooperation.

It is a great honour for me to recommend Alexander and Ekaterina as highly qualified professionals who can be entrusted with the most complex set of works.

**Best regards,
Daniel Weitmann, Executive Chairman**
